

8X40 WASHROOM (SELF CONTAINED)

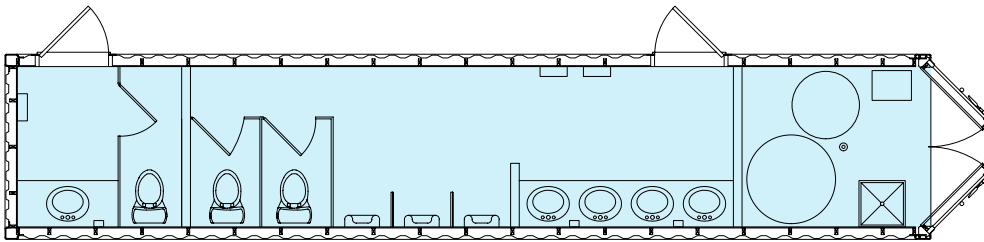

MBWA840-SC

MORE SPACE, NO ADDITIONAL PLUMBING REQUIRED

The 40' self contained washroom provides the same features as the 20' model but with more stalls, urinals, and sinks to accommodate a larger workforce. With no need for water hookups, it can work virtually anywhere, plus it can be stacked with other containers to minimize the overall footprint.

SPECIFICATIONS

- 8'(w) x 40'(l) x 9'6(h) corten steel shell is durable and easy to transport
- (2) weld-in steel man doors with vents for added durability
- 3" spray foam insulation on ceiling (R18) and 2" on walls (R12) for improved energy efficiency in cold weather
- Rigid floor insulation for added heat retention
- Fibre reinforced plastic (FRP) panels behind the urinals and toilets make it easy to clean
- Vinyl wrapped drywall provides a clean finish
- Durable rubber baseboards to protect the walls from spills
- (4) 2000w in-wall electric heaters warm the washroom while maximizing space
- (2) 6000BTU air conditioning units to quickly cool and create a comfortable space
- Vinyl flooring is easy to clean & cost effective
- Interior vapor-proof lighting for added moisture resistance and durability
- 100 amp panel with breakers & hard wire fitting for easy connection to a power source
- (2) Toilets, (3) urinals and (4) sinks installed in the men's washroom, and (1) toilet & (1) sink in the ladies washroom
- Plastic laminate and melamine vanity add durability in moisture-rich environments
- Mirrors, paper towel dispensers, and soap dispensers located at the sinks for added convenience
- Tankless on-demand hot water heater with central plumbing hookups make this unit quick to deploy
- 380 gal. fresh water tank with pump and low/high audio-visual alarms to notify maintenance when it needs refilling
- 600 gal. waste water tank to hold dirty water until it can be pumped out
- Ventilation included to remove humidity, moisture, and unpleasant odours
- Mop sink to dispose of dirty water without making a mess inside the unit
