

# GUARD SHACKS

MBGS810/MBGS820

## VISIBILITY AND SECURITY TO CONTROL CHECK POINTS

Guard Shacks are built with visibility in mind so any traffic approaching or leaving a work site can be managed accordingly. Because of its container shell, it also provides greater safety for workers.

### 10' SPECIFICATIONS

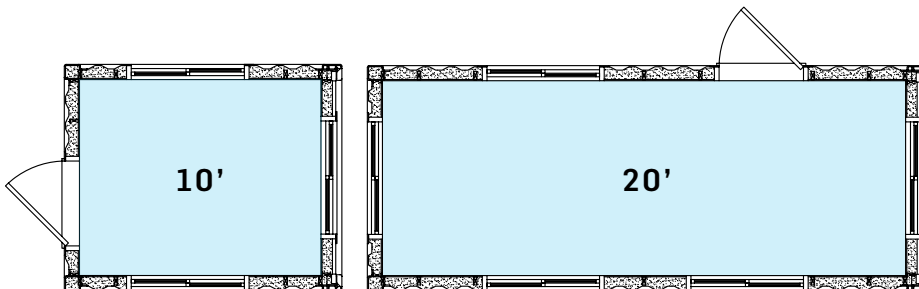

- 8'(w) x 10'(l) x 8'6(h) corten steel shell is durable and easy to transport
- (1) weld-in steel man door with a window for added visibility
- (3) 4' x 3' weld-in sliding windows to increase visibility in the surrounding area
- 1/2" spray foam with fiberglass insulation (R15) to regulate temperatures
- Vinyl wrapped drywall creates a clean and durable finish
- Non-slip epoxy flooring is durable and cost effective
- Durable rubber baseboards to protect the walls from spills
- (1) 2000w wall-mounted electric heaters to warm the office while maximizing space
- (1) 6000BTU A/C unit to quickly cool and create a comfortable workspace

- Interior vapor-proof lighting for added moisture resistance and durability
- (1) Exterior photocell light for visibility at night
- 100 amp panel with breakers & hard wire fitting for easy connection to a power source
- Telephone & data hookups for fast connectivity
- Marine-grade enamel paint in a choice of colours to match your brand

### 20' SPECIFICATIONS

- 8'(w) x 20'(l) x 8'6(h) corten steel shell is durable and easy to transport
- (1) weld-in steel man door with a window for added visibility
- (5) 4' x 3' weld-in sliding windows to increase visibility in the surrounding area
- 1/2" spray foam with fiberglass insulation (R15) to regulate temperatures

- Vinyl wrapped drywall creates a clean and durable finish
- Non-slip epoxy flooring is durable and cost effective
